

Civil Engineer-In-Training (Job #3799)
Salary Range: \$25.87 - \$28.53 per Hour
Closes: November 30, 2007

Pierce County is seeking talented engineers to perform entry level professional engineering work in an In-Training Rotation Program for the Pierce County Departments of Public Works and Utilities and /or Planning and Land Services. Assignments will include performing a variety of engineering duties involved with design, construction, report preparation, review and/or inspection of civil work projects or other closely related work. Work is performed under the direction of a Civil Engineer 2, or higher, or an administrative supervisor. Incumbents will be rotated to different sections or positions to gain a broad understanding of civil engineering. Requires a four year degree from an accredited college or university with major course work in civil engineering or closely related field OR registration as an Engineer-In-Training OR four years of progressively responsible, broad-based civil engineering experience. Union membership is required within 30 day of employment. Pierce County offers family-oriented benefits for the employee and their family members. For details contact: Pierce County Human Resources Department (253) 798-7480 or apply online: pchumanresources@co.pierce.wa.us or <http://www.piercecountywa.org/jobs>.
